EAST HADDAM TRAILS

WILLIAM JEZEK PRESERVE

The 18.5 acre East Haddam Land Trust preserve is located in the middle of a subdivision. The trails ramble through several wetlands, and one provides access to upper Moodus Reservoir. The land hosts a moderate-aged oak/beech/red maple forest with several wetlands, a small brook flowing into the reservoir, stone walls, and moderate slopes. This is a fragile wetland wildlife habitat so special care while exploring it is requested.
